

I Smile

INTRO: Dm Dm Am Am Bb Bb A A

 Dm Dm
Sit here close my eyes and listen
 Am Am
Feel the beating of your heart and mine
 Bb Bb
The quiet of our souls entwined
 A A
And the stillness of the night
 Dm Dm
Brings a gratitude, a peace
 Am Am
And I know I'm in a better place
 Bb Bb A A
For all the sadness, all this pain that I have known

 Dm Dm
Where I find myself these days
 Am Am
It's an endless world away from yesterday
 Bb Bb
I'm so grateful for life's little things
 A A
Hugs and kisses and kind words
 Dm Dm
It's been a long hard night but somehow
 Am Am
It's been worth the rocky ride
 Bb Bb A A A
It seems gems are only made from sand and fire and from ice

C C F F
 And I smile as I remember the laughter that we share
 C G G G
 And the strength it brings when tears are far too close
 C C F F
 Love and life and friendship are worth more from where I stand
 C C G C C
 I can see through eyes of hope again put aside the pain
