

No Way

Words and Music by Steve Apirana

F#m

You tell me not to worry but sometimes I still do

Bm F#m

Get myself all mixed up instead of listening to you

Shouldn't worry about what to eat

Shouldn't worry about what to wear

Bm

Shouldn't worry about a single thing

F#m

Long as I know you're there

A E

No way, no way, I'm gonna worry

A

Cause I know I know that you care

A E

No way, no way, I'm gonna worry

A

Cause I know, I know, that you care.

You tell me not to give up, but like a fool I do

Forgetting you are everything I need to get me through

Shouldn't worry about the stormy days

Shouldn't worry about what the people say

Shouldn't worry my life away

Just put my trust in you
